<i>Agile</i>	
<b>Epic Name:</b>	New Account

**Description**

The Guru99 Bank project aims to provide net banking facility to its customers.

This release will have limited features. Over a period of time , new and new functionalities will be added to the site.

Currently system provides 2 types of accounts

- Saving
- Current

A customer can have multiple saving accounts (one in his name , other in a joint name etc).

He can have multiple current accounts for different companies he owns.

Or he can have a multiple current and saving accounts.
